

Better information. Better ER visit.

ERAdvisor is how we do it

ERAdvisor is a new service that updates patients and families on their phones about their progress in the emergency department.

All patients need to do is provide a cell phone number to hospital ER registration staff to get started.

ERADVISOR

-  View estimated wait times
-  Get answers to common questions
-  Share your visit timeline with family
-  Get updates on lab status
-  Schedule follow-up visits
-  No sign-up or app download needed
